Vintage Boudoir The Complete Package

Join John and the incomparable Fredau Hoekstra for a photographic workshop like no other.

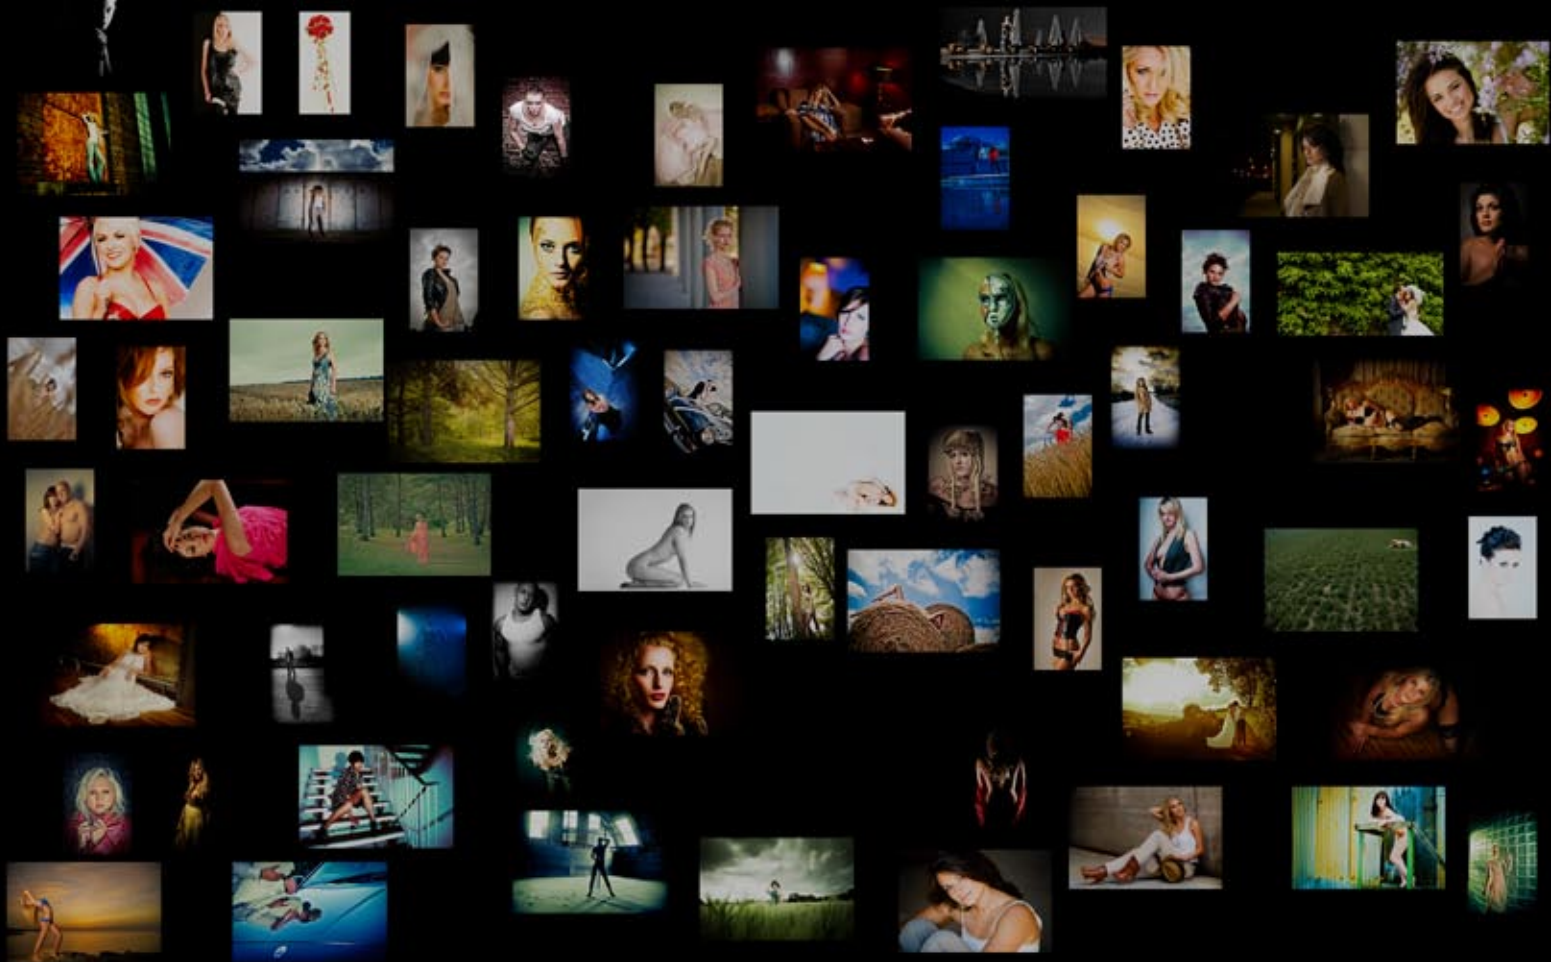

They have teamed up with makeup artist Ola Kowalonek and stylist Karla von Denhoff to produce a format that will enlighten and inspire you in equal measure.

The theme of the day is Vintage Boudoir. You will learn the techniques required to put together a fashion team, how to plan and structure a team shoot, how to find locations, props, outfits and models. You will work with John and learn to find inspirations for your shoots, pose your models, direct your models and use light in a creative way. You will use speedlights, Elinchrom Quadras and ambient light to style your light to the vintage mood of the shoot. Taking the work of George Hurrell as inspiration you will learn to control and shape light to flatter your subject and create mood and style.

The venue for this fantastic day is Buckthornes House, Upper Largo, Fife. Places are limited to eight delegates.

Cost per head is £175 and fully inclusive of lunch, refreshments, image licenses and tuition.

Call the studio to book your place or for more information.
